

NITIN INGLE

COMPUTER SCIENCE ENGINEERING

+91 8010698772 | ingalenitin278@gmail.com | Jalna, Maharashtra | [LinkedIn](#) | [GitHub](#)

PROFILE SUMMARY

Detail-oriented 4th-year B.Tech in Computer Science Engineering with a solid foundation in software development and data analytics. Proficient in Java, Python, HTML, CSS, and full-stack web technologies with hands-on experience building practical applications. Demonstrates strong analytical problem-solving, rapid learning, and an eager drive to contribute to innovative engineering teams.

TECHNICAL EXPERTISE

Languages:	Java, Python, SQL, HTML, CSS
Web Development:	Full-Stack Web Concepts
Databases & Analytics:	MySQL, Data Analytics
Tools & Technologies:	Git, GitHub, VS Code, MS Excel, MS Word

PROFESSIONAL EXPERIENCE

Web Development Intern

3 Months

Spark IIT

- Developed and maintained responsive user interface components using HTML, CSS, and web technology concepts.
- Collaborated with cross-functional team members to design, test, and deploy functional web application features.
- Assisted in optimizing website performance, fixing frontend bugs, and ensuring cross-browser compatibility.

KEY PROJECTS

Personal Portfolio Website

WEB DEVELOPMENT & DESIGN

- Designed and developed a responsive personal portfolio to showcase projects, technical skill sets, and academic accomplishments.
- Implemented modern HTML/CSS layouts for smooth navigation, clean UI across devices, and optimized load performance.
- Integrated direct contact links and social profiles to establish a professional digital presence.

Markdown Note Application

WEB DEVELOPMENT & DATABASE

- Built a responsive web-based Markdown editor allowing users to seamlessly write, preview, and format text in real time.
- Leveraged modern frontend technologies to manage application dynamic states and UI formatting.
- Structured and managed database logic using MySQL for robust data persistence and retrieval.

Game Development & Designing

GAME DESIGN & LOGIC

- Designed and developed an interactive digital game, focusing on core logic implementation, user experience, and efficient state management.
- Optimized game performance and resolved rendering bugs to ensure smooth gameplay and responsive user controls.

EDUCATION

B.Tech in Computer Science Engineering (2023–2027)

CGPA: 7.50 / 10

Higher Secondary Certificate (HSC) (2021–2023)

Score: 79.83%

Secondary School Certificate (SSC) (2020–2021)

Score: 79.40%

CERTIFICATIONS

- Foundations of IoT – AMB'S C-DSP (2024)
- Java Course Program – QSpiders
- Full Stack Web Development – Spark IIT
- Generative AI Tools – FutureSkills Prime

SOFT SKILLS & ACTIVITIES

- Analytical Problem Solving
- Adaptability
- Rapid Learning
- Leadership

Takshytra Participant: Competed in college event showcasing engineering problem-solving skills under pressure.
